FRIDAY MORNING, JULY 21.

ARENT OF LEWD CHARACTERS.—Yesterday afternoon Officers Tracy, Bennor, Vall, Shanley, Brady and Bellville, proceeded to the Cemetery grounds to arrest a number of persons who for a long time have been disgracing the homes of the dead by their indecent and disorderly conduct. For some months past the congregating of lewd females and men who if it were possible, are much lower than themselves, at this place has been a great cause of complaint by all persons who have had occasion to visit it, and especially while funeral ceremonies were in progress.—Complaints being made to the Mayor he accordingly dispatched the above named officers and military guard with instructions to arrest all found there.

The news of their arrival soon spread throughout the grounds and all endeavored to make their escape, which many succeeded in doing, but the following parties were arrested after a long race, Jane Evans, Margaret Lewis, Jane

THE SYMPTOMS:

THE SYMPTOMS OF CATARRH AS
they generally appear are at first very
slight. Persons find they have a cold, that
they have frequent attacks, and are more
sensitive to the changes of temperature. In
this condition, the nose may be dry, or a slight,
discharge, thin and aerid, afterwards becoming thick and adhesive. As the disease becomes chronic, the discharges are increased in
quantity and changed in quality; they are now
thick and heavy, and are hawked or coughed
off. The screetions are offensive, causing a bad
breath; the voice is thick and masal, the eyes
are weak; the sense of fins smell is lessened or
destroyed; deafness frequently takes place.
Another common and important symitom of
Cutarrh is that the person is obliged to clear
his throat in the morning of a thick or slimy
mucus, which has fallen down from the head
during the night. When this takes place the
person may be sure that his disease is on its
way to the lungs, and should lose no time in
arresting it.

The above are but few of the many Catarrh. A CURE WARRANTED IN TWO DAYS.
